

## Quality Committee Patient Representative Application Form

Winchester District Memorial Hospital (WDMH) supports a patient and family centred approach to health care. In accordance with WDMH's strategic goal of promoting equity and inclusion, we encourage applications from persons that identify as Indigenous, LGBTQ or as a member of a minority. To ensure our patients are at the centre of everything we do, we need to hear from them and their families!

The Quality Committee is a partnership between the Board of Directors, the WDMH Leadership Team and patients. Our goal is to improve the quality of care and patient experience.

It is expected that the Quality Committee will:

- Provide input to the hospital leadership team on practices and initiatives related to patient and family centred care.
- Provide feedback on items referred to the Committee, including policies, procedures, care practices, materials and communication strategies.
- Participate in the annual development and review of the hospital's Quality Improvement Plan.
- Respond to requests to partner on committees, project teams, task forces, and working groups related to enhancing the patient experience.
- Provide feedback on education, policy, and program development relevant to the Committee at the corporate, program/department or unit level.
- Provide the Board of Directors with an annual report outlining the Committee's work.
